

## *Erratum*

### **Secular terms of classical planetary theories using the results of general theory**

**J. Laskar**

Service de Mécanique Céleste du Bureau des Longitudes, Equipe de Recherche Associée au CNRS, 77 Avenue Denfert-Rochereau,  
F-75014 Paris, France

Astron. Astrophys. **157**, 59–70 (1986)

There is a mistake in the number in line 14 of the “Summary”  
(p. 59). The line should read as follows:

is approximately  $0''.02/1000$  yr for the inclination of the Earth.

Parts of the text on pages 66 and 68 have accidentally been  
interchanged. The text reads correctly if the pages are taken in the  
following order: 65-68-66-67-69
